RIHousing and the OHCD are collaborating on the following to help guide policy decisions and prioritize the distribution of HUD funds and State housing investments:

**Five-year Consolidated Plan:** to describe Rhode Island's community development priorities and goals based on an assessment of affordable housing and community development needs, market conditions and available resources; and

**Analysis of Impediments to Fair Housing Choice:** to identify barriers to housing choice for members of protected classes, along with a Fair Housing Action Plan that, if implemented, would work to alleviate or resolve the identified barriers.

The agencies intend to complete the above plans by May 2020 and utilize the plans to inform housing and community development priorities.
