Narratives

Areas of Greatest Need:

Progress Towards National Objective Targets:

Activities funded will meet the national objective of predominate benefit to Low/Moderate/Middle - Income (LMMI) persons/households. All activities will meet the LMMI National Objective on the basis of Housing (LMMH) and/or Area Benefit (LMMA).

Land Bank - Because maintenance and other neighborhood stabilizing activities are conducted on all properties acquired through the NSP Land Bank, by program regulation these properties meet the National Objective of LMMI, Area Benefit (LMMA). All properties in the Land Bank are located in NSP Target Areas, which are greater than 51% LMMI. It should be noted that properties will generally be rehabilitated as affordable housing, additionally meeting the LMMI Housing national objective.

Acquisition/Rehabilitation - Every property assisted with acquisition/rehabilitation project funds will meet the LMMI - Housing national objective. A large portion of these sites will be used to house persons at or below 50% of Area Median Income (AMI), counting towards the State's low-income housing targeting goal.

Acquisition Financing - Income requirements of the program ensure that every household receiving assistance to purchase a foreclosed property is at or below 120% of AMI (LMMI). Therefore, activities under this project will all meet the LMMI-Housing (LMMH) national objective.

State Administration and Activity Delivery Costs are presumed to meet the National Objective in the same proportion as the remainder the program as a whole (LMMH & LMMA).

Low-Income Target - To date, the State has committed funds to projects in excess of \$5 million, exceeding its Low-Income Targeting goal of \$4.9 million.

Distribution and and Uses of Funds:

Progress Towards Activity Type Targets

To date, Rhode Island has committed nearly all funds allocated under NSP I to site-specific projects. Activity Type expenditure goals have been achieved in nearly all categories. As anticipated, demand has exceeded resources available. Initial need for demolition has been less than anticipated, while demand for acquisition/rehabilitation financing far exceeds available funds, reallocation is being considered. Since this report covers activity through 9/30/09, many commitments (made throughout October-November) are not detailed. The next report will provide a comprehensive account of obligations in DRGR.
